FIRKA DEVELOPMENT DEPARTMENT

G.O. MS. NO. 1087 Dated 9-12-1949.

Read the following:

From the President Hindu Religious Endowments Boards Letter No. 40679/49- Est- dated 8-9-1949, No. 106890/49-2 R.R. dated 17-10-1949.

O R D E R:

The Government have carefully examined the proposals of the President Hindu Religious Endowments Board to appoint 3 Assistant Commissioners as Special Officers for rent reduction work connected with the religious institutions and consider that there is no sufficient justification for the appointment of any additional Assistant Commissioner for the purpose. The Government feel that the rent reduction work which remains to be done yet, can be got through by the existing Assistant Commissioners themselves, in their concerned Divisions, the Special Officer giving them an intensive trainin in certain selected centres. The Divisional Commissioners shou also be acquainted with the rent reduction work and they should be instructed to watch the progress of the rent reduction work in their respective jurisdictions.

2. The Special Officer should also visit as often as possible the Districts of Ramnad, Chittoor, Tanjore, Vishhapatnam and Mathurai where the rent reduction work is heavy and devote special attention to the work and give instructions wherever necessary to the Assistant Commissioners and Executive Officers concerned. He should also contact the Commissioner T.T. Devasthanams for rent reduction work connected with the temples belonging to the T.T. Devasthanams. The Divisional Commissioners concerned should also take an active interest in the work and take vigorous steps to see that good progress is maintained, particularly in these Districts.

3. If the work is organised on the above lines, the Government hope that the rent reduction work can be finishe by about 1-4-1950 at the latest, when the Special Officer can be reverted to the Revenue Department. The President Hindu Religious Endowments Board is informed that in any event, the Government do not propose to extend the period of the Special Officer's term which expires on 10-7-1950, and that every endeavour should be made to complete the work by 1-4-1950.
